

## **New Rules to Take Immediate Effect December 1, 2009**

- 1) Tents: Any school that puts up a tent, i.e., an E-Z UP®, must have a person in attendance on the show grounds at all times that has the ability to take down the tent upon request or announcement. If I.E.L. management requests that a tent be taken down, or if an announcement is made that tents are to be lowered or taken down, the school must comply with the request or announcement immediately. If the tent remains standing after such a request or announcement, or if I.E.L. personnel must take down the tent, the school will not be allowed to have a tent at the following show. If a school is in violation a second time during a season, the school will not be allowed to erect a tent for the following two shows; any such ban will carry over to the following season until complete.
- 2) Dogs: No dogs are allowed on show grounds during I.E.L. shows. It is the responsibility of the rider, the rider's family and the rider's trainer to inform guests of this ban. If a dog is discovered on the show grounds, the rider with whom that dog is associated will be disqualified from the show.
- 3) Stalls: All stall requests must be received with a rider's timely entry form or by means of an email to the I.E.L.'s show secretary sent BEFORE the entry deadline, and full payment of all stall fees must be paid or payment must be postmarked by the entry deadline. No late stall requests, and no phone requests will be accepted. Timely stall requests will not be honored if payment is late. No refunds will be made for canceled stalls. No exceptions!
