The flat phase performance of those riders selected to show shall count 40%. Martingales must be removed for the flat phase; no other tack changes will be allowed between phases. Nationally recognized tests may be used. Rings will be open ten (10) minutes prior to the medal classes for a course walk.
2. At the final show, the medal class will be the Medal Final class. The top fifteen (15) scoring riders from the previous medal classes will be qualified to show in the Medal Finals. In the event three (3) classes are not held or completed prior to the final show, the IEL Board reserves the right to establish new eligibility criteria for the Medal Final class. At the final show, there will also be a Freshman Horsemanship Medal Final class; riders for the Freshman Medal Final class shall qualify based on the cumulative points earned from the prior shows during the season in the Freshman Hunt Seat Equitation Over Fences classes. Those riders qualifying will be notified prior to the Medal Finals. Any previous winner of the Medal Final in a specific division may not compete again in the Medal Final of that same division. (The rider, however, may compete in the qualifying classes in the division.) The riders must pre-enter to preserve their eligibility to compete. Failure to pre-enter will result in forfeiture of the rider's eligibility to compete and the rider's spot in the finals will be awarded to the next rider on the list.

However, the IEL does understand that circumstances change, and riders are no longer able to compete at a certain height for a number of reasons.
